

ULTRAMAN

BATTLE FOR THE FUTURE

چشم انداز نقاشی به عنوان یکی از مديوم های اصلی هنر در ایران به سرعت در حال تغییر است، این تغییر همپای رویدادهای اجتماعی بسیار غیر قابل پیش بینی به نظر می رسد، با چنین فرضیاتی این نمایش سعی داشته است تا گوشه هایی از تلاش هنرمندان جستجوگر و جوانی را به مخاطب نشان دهد که احتمالاً تصویری است از هنر نقاشی در آینده این گستره و دریچه ای به شباهت ها و تفاوت های چشمگیر این نسل باز کند.

The landscape of painting, as one of the main realms of art in Iran, is rapidly changing. This change and its rate seem to be in line with highly unpredictable social events. Taking this into account, the current exhibition tries to display examples of young aspiring artists, in order to present a window into what the future of painting in Iran could look like, considering the drastic differences and varying similarities in the perspectives of this generation.
